

Early Out Self-Pay

Strengthen your cash position along with your reputation for care.

Managing outstanding self-pay account balances is challenging and costly for healthcare organizations. Not only does it impact cash flow, but it also affects your reputation for providing compassionate community care.

Serving as an extension of your business office, our highly trained professionals work within your policies to engage with patients.

Increase Self-Pay Cash Receipts by **37%**

Increase patient satisfaction up to **95%**

Boost collections with live web chat **3-7%**

Patient-Friendly Billing Solutions:

- ✔ Automated Pay by Phone IVR
- ✔ Text to Pay
- ✔ Apple Pay/Google Pay
- ✔ Patient Portal

Making Self-Pay Management Easier by:

- + **Clear and Accurate Billing:**
Providing your patients with easy-to-understand billing statements means fewer payment delays and faster collections.
- + **Flexible Payment Options:**
Offering text-to-pay, one-time, or recurring online payments makes it easier for patients to pay, leading to more consistent cash flow for your organization.
- + **Accessible Support:**
Patients can quickly get their questions answered and resolve billing issues through phone, text, email, or live web chat.

Strengthen your cash flow and enhance patient care with our self-pay solutions, designed to manage self-pay receivables with both urgency and sensitivity.
